Complete Industrial Piping Solution Under One Roof

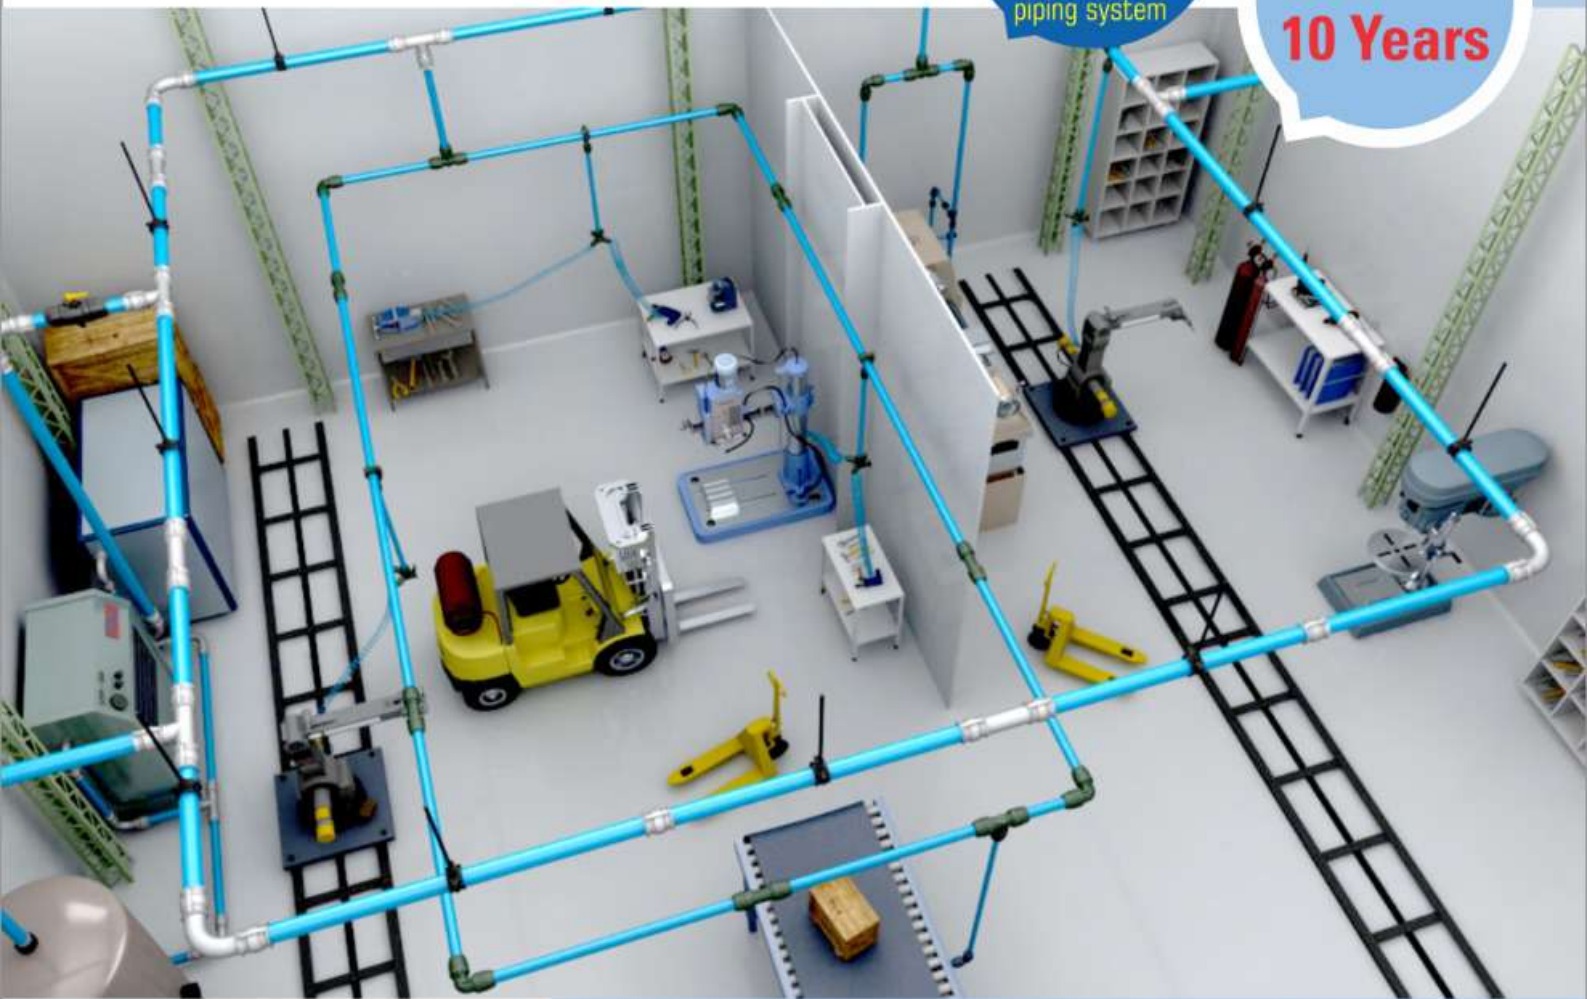

MISSION

Intended to support the piping industries with strong, reliable and quality business solutions through most economic, customer centric and dedicated long-term service approach with the aim to provide maximum customer satisfaction which would eventually enable and empower them to thrive in their businesses and economy.

► **New Generation Energy efficient Aluminum Piping for Compressed Air (Also use in Nitrogen & Inert Gases)**

**30%
Energy Saving**
than any
conventional
piping system

**Components
Guaranteed For
10 Years**

100% Pneumatic Solutions

Technical Specification

Media : Compressed Air, Vacuum,
Inert Gas

Temperature : -20°C to + 85°C

Pressure : Upto 16 Bar

Size : 16.5 mm to 200 mm (1/2" to 8")

▶ PPRC PIPING

For Industrial & Domestic Multipurpose Economical Piping
Specialised For Compressed Air & Water Line

Applications

- ▶ Indoor & outdoor application for Water line
- ▶ For Compressed Air

Product Range

- ▶ Pipes: 20mm to 250mm

Temperature range

- ▶ -20°C to 95°C

Specifications

- ▶ Jointing by Fusion welding which ensure leak proof joints
- ▶ Less Friction & Smooth Surface
- ▶ No Corrosion, Rusting and Scaling

CORE PILLARS OF OUR ORGANIZATION :

1. SOLUTION-ORIENTED APPROACH WITH SAFETY:

Solution-oriented piping business complying with highest standard of safety and reliability.

2. SKILLED INSTALLATION TEAM:

Experienced professionals with good technical skills and thorough knowledge of piping installation.

3. CUSTOMIZED SERVICE WITH LONG TIME VALIDITY:

Customer centric approach for all the services along with strong commitment towards best in class long-term services.

4. QUALITY AND RELIABILITY:

Determined and inclined towards customer satisfaction by continuous focus on consistency and quality.
